Re: ACT 007/019; Catch Basin B

Dear Mr. Haddock:

Enclosed are three copies of the material requested by you to demonstrate the suitability of the new culvert installation between cells B-3 and B-2 in Catch Basin B. This culvert has already been installed out of necessity following a major storm event on August 25, 1993. Andalex is also proposing, with this submittal, to install a third culvert between cells B-1 and B-2 in order to avoid similar erosion problems at some later date.

Sincerely,

Michael W. Glasson  
Senior Geologist
