Re: Approval of Overflow Culvert Amendment, Andalex Resources Inc., Centennial Project, ACT/007/019-93F, Folder #3, Carbon County, Utah

Dear Mr. Glasson:

The Division has completed a review of your Catch Basin B design amendment received on November 16, 1993. Your application was found to be complete and accurate by Steven Johnson of the Division's technical staff. The amendment is hereby approved.

Modification of Plate 11 is needed to accurately show the proposed conditions. Two changes that are required include: 1) showing the culvert between cells B-3 and B-4; and, 2) showing maximum water levels and sediment cleanout levels for all cells. These changes to Plate 11 can be shown when submitting copies of the amendment for distribution to other agencies. Please submit ten (10) copies of the corrected amendment by no later than January 7, 1994.

If you have any questions, please call me or Steve Johnson.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock
Permit Supervisor
