ACT/007/019, Folder #3, Carbon County, Utah

Dear Mr. Glasson:

Thank you for the information you submitted on September 17, 1993, regarding the alteration at your Catch Basin B. At this time you should submit a formal amendment (using the appropriate permit change forms) to add this change to your approved Mining and Reclamation Plan. Design information should be provided to demonstrate that the change meets the applicable impoundment requirements. If you have questions, please contact one of the Division's Hydrologists.

Sincerely
