Dear Mr. Glasson:

Re: Determination of Administrative Completeness, AEP Lease Addition, Andalex Resources Inc., Centennial Project, ACT/007/019, Folder #3, Carbon County, Utah

The Division has conducted an Initial Completeness Review on the information received through March 3, 1993 for your application to add the Centennial seam of the AEP Lease to your permit area. The information has been found to be adequate to determine the Permit Application Package (PAP) administratively complete.

A technical review of the plan will now be initiated. Technical deficiencies will be forwarded to you as individual reviews are completed. The Division will coordinate with other agencies and incorporate their comments into our review process. Issues raised will need to be resolved prior to permit issuance.

At this time you should publish a Notice of Application for a Mine Permit as required by R645-300-121. A copy of the publication notice should be sent to the Division as soon as it is available. You should also insure that a copy of the complete application is on file at the Carbon County courthouse. The Division will notify all other interested agencies and allow for their comment prior to making a final decision to approve or disapprove the permit application.

Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
