Re: Fan Portal - NE1NE1 Section 12, T13S, R10E, SLB&M  
Left Fork Deadman Canyon, Carbon County, Utah

*ACT/007/019 #2*

Dear Mike:

I appreciated the opportunity of meeting with you on October 25, 1994 to review the proposed crossing that will provide access to a fan portal in the Left Fork of Deadman Canyon. After walking the drainage through the proposed culverted section, it is my opinion that you will not be required to file a Joint Permit Application prior to the installation of the culvert. As I mentioned during our meeting, correct installation practices include inlet and outlet control sections to minimize any additional erosion in this area.

Should you have any further questions in regards to this matter, please feel free to contact me at your convenience.

Sincerely,

Mark P. Page  
Regional Engineer
