re: Incidental Boundary Change, ACT 007/019 #2

Copy Daron

Dear Ms. Littig

I have enclosed for your review 3 copies of our response to the April 25, 1997 deficiency letter which pertains to ANDALEX Resources' Incidental Boundary Change. I believe all questions should be answered either by this submittal or through previous submittals which I have explained in this letter.

R645-301-112: Plates 2, 3 and 4 show the boundary of the proposed permit area and were previously submitted.

R645-301-114: The new page 21-A now contains a description of the right of entry granted to ANDALEX by the BLM. Page 20 already contained a statement regarding lack of pending litigation for all leases.

R645-301-521: The acreage information on the new page 21-A has been corrected

R645-301-121.200: The page numbers which were misplaced have been corrected.

R645-301-521: Page 23 has been corrected to include the general location of BLM Right of Way UTU-64158.

R645-301-411.140: The SHPO has been contacted and we hope to send the UDOGM a finding of no effect very shortly.

R-645-301-521: Enclosed are updated versions of Plates 26, 27 and 28 which now show the IBC boundary as well as the Left Fork Fan right of way (ROW on the Plates).

Please call me should you require any additional information. Thank You.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael W. Glasson". The signature is fluid and cursive, with a large initial "M" and a long, sweeping underline.
