Re: Deficiencies in Annual Report, Andalex Resources Inc., Centennial Project,  
ACT/007/019, Folder #3, Carbon County, Utah

Dear Mr. Glasson:

During our recent evaluation of your annual reports, we identified some problems that need to be corrected. Please review the enclosed memos which discuss the problems. This is supplied for your information and hopefully will help you in your future reporting. If possible, you should provide the missing data for the Centennial Project. We will expect your response by July 25, 1997.

Thank you for your help. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock
