Re: Deficiency in IBC Proposal-Mathis lease, Andalex Resources, Inc., Centennial Mine, ACT/007/019-IBC99-1, Folder #3, Carbon County, Utah

Dear Mr. Glasson:

The Division has reviewed your application for an Incidental Boundary Change (IBC) to add the Mathis lease to the Centennial Mine. Your application contains some deficiencies that will need to be corrected before we can approve it. Two technical memos have been enclosed which discuss the issues that will need to be resolved.

Steve Demczak informs me that he has already discussed the proposal with you and has informed you of the problems he has identified. I also understand you will be resubmitting the proposal with the corrections made in the near future. In order for us to keep this in our review loop we will expect a response by no later than March 19, 1999.

If you have any questions, please don't hesitate to call.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
