re: Water Monitoring Data

Dear Mr. Haddock

Enclosed is the remainder of the water monitoring data which I failed to include with our last submittal. I certainly hope that I have now provided the necessary information to conclude this issue and I apologize for the inconvenience I may have caused. For your information, we have finally received our new DMR forms. Also, I should point out that Jim's memo refers to sample locations 005 and 006 with reference to Centennial. These two locations exist only at Wildcat.

Thank you.

Sincerely,

Michael W. Glasson  
Senior Geologist
