Re: Centennial Incidental Boundary Change, C007/019, Response to Deficiencies

Dear Mr. Haddock:

ANDALEX herewith submits five copies each of the response to deficiencies for the above referenced permitting action. Appropriate C1 and C2 forms are attached.

Please note that deficiency outlined as R645-301-731.200, regarding reverting to field measurement-only monitoring, has not been specifically addressed. The reason it has not been addressed is that ANDALEX is no longer proposing to revert to field measurement-only monitoring in the plan.

Also, it should be noted (R645-301-724) that the water monitoring information discussed in the Mayo and Associates PHC report has been entered into the Division's electronic water database and continued monitoring results as outlined in the MRP will also be.

Please call if you have any questions.

Sincerely,

Michael W. Glasson
Senior Geologist
