Re: Conditional Approval of Updated Centennial Mining and Reclamation Plan, Andalex Resources, Inc., C/007/019, Outgoing File

Dear Mr. Glasson:

The Division completed a side-by-side review of the Centennial mining and reclamation plan on October 7, 2002 comparing the text of the submittal received on September 12, 2002, with the Division's official copy that is maintained in the Public Information Center of the Salt Lake office. Pagination errors that had been previously noted were addressed, and text corrections relative to governmental agency addresses as well as other minor corrections were determined to be adequate. All tables, figures, P.E. certifications and missing text that were noted as missing on August 28, 2002 were corrected.

The submittal that was made by Andalex on September 12, 2002 has been stamped in as **INCORPORATED**, effective **October 8, 2002**.

Although the above-referenced submittal has been incorporated as the official Salt Lake Division record, the permitting action is only conditionally approved pending the receipt of four additional clean copies for incorporation into the record of other governmental agencies. Once we receive these copies, we will send a stamped incorporated copy to you for insertion into your copy of the Mining and Reclamation Plan.

If you have any questions, please call me at (801) 538-5268 or Pete Hess at (435) 613-5622.

Sincerely,

Pamela Grubaugh-Littig  
Permit Supervisor
