Attn: Pamela Grubaugh-Littig
Re: Centennial NOV N04-49-2-1, Carbon County, Utah

Dear Ms. Littig,

ANDALEX Resources was issued the above-referenced NOV on January 23, 2004. The abatement action required for this NOV involved cleaning silt and other debris from one of ANDALEX's disturbed area ditches (DD-4) by February 23, 2004. Beginning on the issue date of the NOV, and on so far on two other occasions subsequently ANDALEX has attempted to clean silt from this ditch and culvert but has had only limited success due to the temperatures and frozen silt. Therefore, ANDALEX is respectfully requesting additional time to perform the required abatement action, until March 23, 2004.

If you have any questions, or if you require any further information, please do not hesitate to contact me.

Sincerely,

Michael W. Glasson
Senior Geologist
