Dear Mr. Hedberg:

The Utah State Historic Preservation Office received the referenced information on April 14, 2005. After consideration of the consultation request in behalf of the Division of Oil, Gas & Mining, the Utah Preservation Office provides the following comments per U.A.C. 9-8-404.

Section 404 Consultation DOGM; USHPO concurs with the determination of No Historic Properties Affected for well GVH #5 and #6. Determination is based on archaeological work by Senco-Phenix.

Technical Comment; I asked staff to change the reference line for this project, SHPO's do not clear projects, they provide concurrence or advise concerning cultural resources.

This information is provided on request to assist with state law responsibilities. As specified in U.A.C. 9-8-404, final determinations concerning cultural resources are the State Lead Agency's. If you have any questions, please contact me at 533-3562. My e-mail address is: [wmartin@utah.gov](mailto:wmartin@utah.gov)

Sincerely,

Wilson G. Martin  
State Historic Preservation Officer - Utah
