Dear Mr. Glasson:

On September 27, 2005, the Department of the Interior approved a mining plan modification for Federal lease UTU-79975 at Andalex Resources, Inc.'s Centennial Mine. This mining plan action relates to Federal lands associated with the Utah Department of Natural Resources, Division of Oil, Gas, and Mining's State Final Findings and Supporting Documentation, Summit Tract/Mathis Fee Lease, Andalex Resources, Inc. Centennial Mine, C/007/0019, approved on August 19, 2005.

I have enclosed a copy of the mining plan approval document and associated map for this new mining plan. Please read the terms and conditions of the mining plan approval document carefully. Mining and reclamation operations must be conducted in accordance with both the Utah state permit and the approved mining plan.

The September 27, 2005, approval allows you to initiate coal mining operations in the remainder of Federal lease UTU-79975 within the area of mining plan approval.

If you have any questions, please contact me at (303) 844-1400, extension 1500.

Sincerely,

Carl R. Johnston
