Subject: Gob Gas Vent Hole Amendments (GVH #1, 2, 4, 5 and 6), Andalex Resources, Inc., Centennial Project, C/007/0019, Task ID #2273, Outgoing File

Dear Mr. Glasson:

The Division reviewed your submittal dated June 23, 2005. The Division is unable to incorporate the material because of deficiencies in the C2 form:

- Revised Reclamation Bond Detail. The Division cannot incorporate the revised reclamation cost estimate because:
 - Reclamation cost estimate information is spread throughout the MRP and needs to be consolidated. Information in Section R645-301-542.400 of the MRP conflicts (out of date) with the material in Appendix B.
 - The location where the submitted information is to be placed is not specified in the C2 form.
 - Some of the information in Appendix B should not be replaced since it deals with cut and fill volumes and productivity calculations. Please specify what information is to be changed.
- Page 5-13 cannot be incorporated into the MRP because:
 - The location of where the page should be inserted into the MRP was not stated. (The C2 form should indicate that the page goes into Appendix X.)
 - Page 5-13 contains redline and the text should be black.
- Vegetation, Soils and Archaeology Information. The C2 form did not indicate where to insert the information. If the information belongs in subsections of Appendix X then the subsections must be created.

Mike Glasson
August 1, 2005

Please provide a corrected C2 form by August 12, 2005. Once we receive this information a stamped incorporated copy of the Gob Gas Vent Hole application (GVH #1, 2, 4, 5 and 6) will be returned to you for incorporation into your copy of the MRP.

If you have any questions, please call Wayne Western at (801) 538-5263, or me at (801) 538-5286.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
