Subject: GHV clean copies

Mike Glasson, Wayne Hedberg and Angela Nance,

I am sending this Email to confirm what Angela, Mike and I talked about today regarding clean copies for the GHV amendments. The clean copies contain Hole #2 which was never drilled and do not include Hole #3 which was drilled. Mike agreed to make the changes to the hole names and submit clean copies.

Mike will you be able to get the new copies to the Division within 30 days?

Angela, please copy this Email to file.
