Dear Mr. Glasson:

Subject: UPDES Permit Application Received for Andalex-Centennial.

We have received your application for an individual Utah Pollutant Discharge Elimination System (UPDES) Permit for the above referenced facility and it has been assigned UPDES Permit No. UT0025674. At this time, the application appears to be complete as we are developing the appropriate conditions. However, should questions arise I will be in contact to resolve any outstanding issues or concerns. Please keep in mind that the conditions of your existing general permit coverage (UTG040008) remain in full force and effect until the issuance of the individual UPDES permit.

As the permit coordinator assigned to your facility, please feel free to contact me when you need assistance or have any questions. I look forward to working with you and others at your facility in the near future. I can be reached by phone at (801) 538-6779 or by e-mail at jstudenka@utah.gov.

Sincerely,

Jeffrey A. Studenka, Environmental Scientist
