Mike,

I have uploaded all of the information for Centennial and Wildcat from the pipeline into the permanent database. A report is attached.

It looks like you have included all required samples and parameters for the 1st quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Pam,

This email is to notify the Division that 1st quarter, 2006 water monitoring information is in the pipeline and is acceptable for downloading. This includes UPDES information and water monitoring data for both Wildcat Loadout C007/033 and Centennial Mines C007/019.

Thank you
