Mike,

Yes, please send us a letter formally withdrawing your submittal for GVH 10 and outlining your intentions to drill 5A that is already approved. We will then return the copies of GVH 10 that we still have for your future use. Thanks for the notification and I hope all goes well with the drilling of GVH 5A.

Wayne

Wayne,

Thank you and thanks to your staff, particularly Joe, for your efforts on ANDALEX's behalf on the proposed GVH 10. We are running into a situation as of today with the longwall panel which could very easily require us to drill GVH 5A after all and as such will not plan to drill GVH 10 at this time.

Would you like me to write a letter to the Division to this affect?

We will truly not let this happen again next year Wayne.

regards,
Mike
