Subject: Conditional Approval of Three Gob Vent Drill Holes - Emergency Application, Task ID #2698, Andalex Resources Inc., Centennial Mine, C/007/0019

Dear Mr. Glasson:

The above-referenced amendment is conditionally approved upon receipt of six clean copies prepared for incorporation. Please submit these copies by December 21, 2006. Once these copies are received final approval will be granted. This modification does not necessitate an update to the Technical Analysis.

The Division requests that you confirm the status of contemporaneous reclamation (mud pits and staging areas) at gob vent holes #1, 3, 4, 5, 6, 7, 8, and 9 in the 2006 annual report. Stabilizing these areas to handle spring thaws is the responsibility of UEI and will provide peace of mind to the landowners as well.

If you have any questions, please feel free to call me at (801) 538-5268 or Wayne H. Western at (801) 538-5263.

Sincerely,

for
Pamela Grubaugh-Littig
Permit Supervisor
