Subject: Reduction of Permit Area – Gas Well and Pipeline, Task ID #3049, Andalex Resources, Inc., Centennial Mine, C/007/0019

Dear Mr. Shaver:

The above-referenced amendment is conditionally approved upon receipt of six clean copies prepared for incorporation and your responding to the following deficiency:

R645-301-521.190, The Permittee must include in the MRP a table that shows the number of permitted acres according to federal, state or fee ownership. In addition, the Permittee must also provide a table that shows the disturbed acreage. The Division needs this information for reports.

Please submit these copies by November 7, 2008. Once we receive these copies, final approval will be granted, at which time you may proceed with your plans.

A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan. This modification does not necessitate an update to the Technical Analysis.

If you have any questions, please call me at (801) 538-5262 or Wayne H. Western at (801) 538-5263.

Sincerely,

James D. Smith
Permit Supervisor
