Pete...I have submitted the requisition for the concrete (65 yds) to plug the two holes (\$7500, so Bruce Hill has to approve it. The requisitions to do the earthwork (\$5000 for each site) have been approved by Dave Hibbs and I am awaiting PO numbers to be assigned. We are now trying to get bids from the driller who will plug the holes. We expect to have these numbers by the end of the week so that I can get requisitions submitted.

Dave

Dave...

Please update me with your progress on GVH's #1 and #5. Thanks.
