Jay,

UEI is hereby granted an extension of 30 days to complete the permit change reflecting the BLM lease relinquishments that was requested in our September 11, 2013 correspondence to you. You should now submit the required change by no later than December 11, 2013. Thank you for your help in completing this requirement.

Daron

Daron:

In your letter dated September 11, 2013, you requested that the Tower permit be revised to reflect the recent BLM lease relinquishments. As you know this will require not only text changes, but significant revisions to most all of the existing maps, some of which are Mylar. This will take longer than the date allowed by DOGM. UEI will not be able to make the November 11, 2013 date and will need additional time.

UEI respectfully requests additional time to complete the request. I think an additional 30 days would not be unreasonable due to the extent of the changes.

If you have any questions please give me a call.

Thanks for your consideration.

Jay
