Subject: Transfer and Name Change of UPDES Permit for the Tower Mine Facility
UPDES Permit No. UTG040029

Dear Ms. Madsen:

This is to acknowledge receipt by the Division of Water Quality of your letter request and affidavit dated August 24, 2020 for the transfer and name change to the UPDES permit referenced above. As requested, the name on UPDES Permit No. UTG040029 has been changed from “Andalex Resources, Inc. Tower Mine” to “Utah Land Resources, Inc. Tower Mine.” Our files will be changed accordingly to reflect this transfer effective September 16, 2020, also as requested. No other changes have been made at this time and all of the requirements and conditions of the permit remain in full force and effect.

UPDES Permit No. UTG040029 is a permit application covered under the Statewide General Permit for Coal Mining Operations (UTG040000), whereas separate individual permit cover pages were not generated. Therefore a separate revised cover page for UTG040029 has not been created at this time.

Thanks for your continued efforts in helping to protect Utah’s Water Quality. If you have any questions with regards to this matter, please contact Jeff Studenka at (801) 536-4395 or jstudenka@utah.gov.

Sincerely,

A handwritten signature in blue ink that reads "Dan Hall".

Dan Hall, Acting Manager
UPDES Surface Water Section

DH/JAS/blj
