Re: Blue Blaze Coal Company Permit  
Application Package

Dear Pam:

As a follow-up to our phone conversation on October 7, 1991, the comments which I enumerated in a letter to you dated August 20, 1991, have been addressed by Mr. Skaggs. His response, dated August 28, 1991, incorporated several changes as well as clarification of water right issues. Although the status of the Sweet Coal Company right (91-330) is still pending, other sources of water may be available to enable Mr. Skaggs to initiate construction. However, as discussed with Mr. Skaggs, any changes, modifications, or utilization of this source must receive prior approval from this office. At this time, the concerns of this office have been adequately addressed.

Should you have any questions, please feel free to contact me.

Sincerely,

*William A. Warmack*
