Re: Surface Owner Notification of Underground Mining Activities
Horizon No. 1 Mine, PRO/007/020, Carbon County, Utah

Dear Mr. Oman:

You are the surface owner of record of lands situated above, or adjacent to Horizon Coal Corporations proposed mining operations.

This letter is to notify you that Horizon Coal Corporation may conduct underground mining in the future beneath, or adjacent to, these properties.

As with any underground operation, there is a remote possibility of subsidence from this mining. Horizon Coal Corporation will be monitoring subsidence and hydrology on areas that could possibly be affected by its mining activities. This may require that our monitoring personnel have access onto your property for performance of this work.

If you have any questions, or need further information, please contact me in Lakewood, Colorado at (303) 989-4242.

Sincerely,
