PLATE 1-1 PERMIT AND DISTURBED AREA

CHAPTER 1  
INTRODUCTION

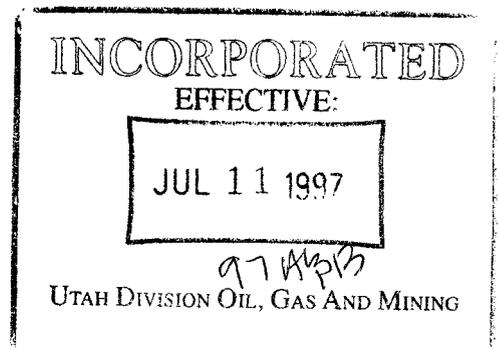

The Wasatch Plateau area of Carbon County, Utah, contains seams of high quality bituminous coal with a long history of coal mining activities. The Horizon No. 1 Mine is located in Consumers Canyon approximately 14 miles northwest of Price, Utah.

The surface facilities, diversions, culverts, and the sedimentation pond will be installed in compliance with Utah Division of Oil, Gas and Mining (UDOGM) regulations.

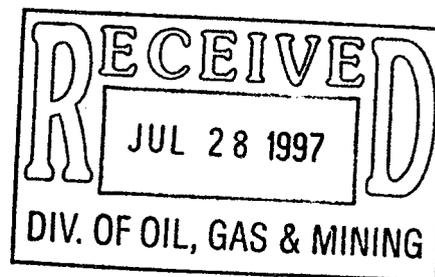

The permit area (Plate 1-1) is characterized by steep, narrow canyons containing conspicuous sandstone cliffs. Intermittent and perennial streams occupy the drainages. The complex geological and geomorphological conditions have produced a variety of site specific soils that support a variety of vegetation communities. The area supports a variety of wildlife.

A distinction of an underground mine is its minimal effect on the ecosystems. The relatively small scale of surface disturbance when operated with proper drainage and sedimentation controls, causes negligible impact to the prevailing hydrologic balance of the area. Subsidence, a potential problem with any underground mining, will be monitored as mining progresses. The temporary loss of wildlife habitat due to the construction of surface facilities is negligible in light of the available nearby habitat. Upon cessation of mining and portal sealing, the reestablishment of final topography and drainage will proceed. Revegetation of disturbed areas will replace native habitat and restore the land to accommodate proposed post-mining land use(s).

Blue Blaze Coal Company has assigned ownership of this permit application to Horizon Coal Corporation. All references in the text, tables, figures, plates, public documents, and consultant reports will hereafter apply to Horizon Coal Corporation and Horizon Mine No. 1.

#### 2.4 Right of Entry and Operation Information

Horizon Coal Corporation bases its right to enter and undertake coal mining on: 1) a lease from Hidden Splendor Resources, Ltd. and 2) a Right-of-Way from U.S. Bureau of Land Management.

The documentation pertaining to the lease from Hidden Splendor can be found in Appendix 2-1. The Hidden Splendor lease document describes a lease of fee coal and a sublease of federal coal. The federal coal lease SL 0630311 has expired.

Horizon has a Right-of-Way through BLM lands to facilitate mining coal from fee lands. Horizon stipulates that it will mine only fee coal and federal coal within the Right-of-Way. The right-of-way application can be found in Appendix 2-3.

#### 2.5 Relationship to Area Designated Unsuitable for Mining

The permit area is not located within an area designated as unsuitable for mining under R645-103-400, nor has any petitions been filed with the Utah Division of Oil, Gas and Mining under R645-103-420 that could affect the proposed permit area (see Plate 1-1). No surface operations or facilities are located within 300 feet of an occupied dwelling or within 100 feet of a cemetery. A public road right-of-way passes through the permit area and provides access to public property. Coal haulage activities will occur within 100 feet of the public road right-of-way where the permit area road joins a public county road (see Appendix 3-1).

#### 2.6 Permit Term

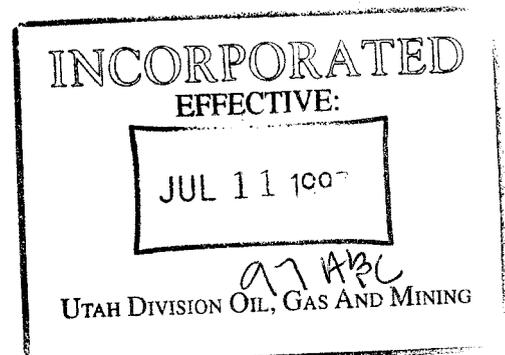

The Horizon No. 1 Mine is proposed for a 5 year term under the Permanent Regulatory Program for 5 years. Chapter 3.3, Operational Plan, discusses the extent of underground mining activities to be conducted over the 5 year permit term.

#### 2.7 Personal Injury and Property Damage Insurance

The public liability insurance requirements outlined in R645-301-890 will be acquired when permitting is complete and will be maintained in full force during the life of the permit. Verification then will be provided.

#### 2.8 Performance Bond

Horizon Coal Corporation will provide a performance bond in an amount determined by the Division as provided in R645-301-830. Upon receipt of the bond, proof of the bond will be filed with the Division.

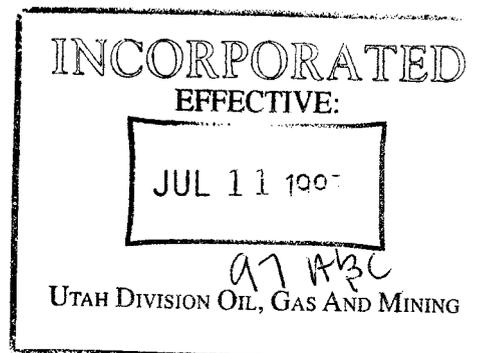

2.9 Other Licenses and Permits

Licenses and permits needed to conduct a coal mining operation are listed below.

Mr. Tracy Tucker  
SEDGWICK JAMES OF TENNESSEE, INC.  
4700 Old Kingston Pike  
Knoxville, Tennessee 37919

RE: *HORIZON COAL CORPORATION -/- HORIZON MINING, LLC*

Dear Tracy:

As we have discussed, on August 29, 1997, Horizon Coal Corporation ("HCC") formed a joint venture with Tokyo Boeki (U.S.A.) Inc., as Horizon Mining, LLC, a Utah limited liability company. HCC assigned the assets of the Horizon Mine to the new entity in return for an 84% membership interest. Tokyo Boeki has a 16% membership interest in Horizon Mining, LLC. As we have discussed, we would appreciate confirmation that Sedgwick James of Tennessee, Inc. has changed the name of the principal on the following bonds to Horizon Mining, LLC:

1. Surety Bond No. RED1043117 in the amount of \$40,000 payable to the United States Department of the Interior regarding Coal Exploration License UTU-74111; and
2. Reclamation Bond secured by Redland Insurance Company in the amount of \$209,200 payable to the State of Utah, Division of Oil, Gas & Mining regarding Mine Permit No. ACT/007/020.

Please note that HCC will remain the permittee of ACT/007/020 until the State of Utah has approved the transfer application. Thank you for your assistance in this matter.

Very truly yours,

Denise A. Drago
