Re: Coal Waste Disposal, Horizon Mining, LLC, Horizon Mine, ACT/007/020-98F, File #3, Carbon County, Utah

Dear Ms. Dragoo:

The referenced amendment is hereby approved effective September 28, 1998 with the following stipulations:

- (1) Horizon notify the DOGM inspector before each proposed coal waste shipment.
- (2) Horizon provide weight of the material being transported to SCA for each shipment.
- (3) Horizon maintain sampling results as mentioned in page 2 above as part of the mine records.
- (4) SCA keep a running account of coal waste received from other mines that is approved by the Division to be stored at the Cogen surface mine. The information required is the date each coal waste shipment is received and accepted together with the weigh slips.
- (5) Such records are required and may be reviewed when inspections are conducted by the Division at each of the mines.

Please submit 5 clean copies of this amendment for distribution and incorporation into the Mining and Reclamation Plan.

If you have any questions, please call.

Sincerely,

Joseph C. Helfrich
