Mary Ann Wright,

I object to the Hidden Splendor project for the following reasons:

- Water Monitoring has not been done since Horizon left
- We have not been contacted when they monitor the water as agreed
- We feel that we are going to lose a substantial amount of water
- The mining company and land owners need to make joint decisions and so far that has not been done.

I am requesting that the records of all water monitoring that has been done be sent to the land owners. We also request that the land owners be present when the water monitoring is done in the future.

I believe that subsidence will ruin my property. A bond needs to be put on the property for 50 years because subsidence will not show up until later years. The bond needs to be 5 million in order to protect my children in the future.

I would also like to inform you that the letter sent on July 26, 2004 was incorrectly sent to Nick Stamatakis at his home address. This needs to be corrected as Nick is not the land owner. Please send all correspondence to Steve Stamatakis at 2676 W. Gordon Creek Rd. Price, UT 84501. And also to Pete Stamatakis at 1111 S. 450 W. Price, UT 84501.

Sincerely, *Steve Stamatakis*

Steve Stamatakis
Pete Stamatakis
