Subject: Horizon Permit

Hi, Alex. I just called to see if you had finalized the documents. I know that I have told you several times, but I just wanted to make sure that you understand when the Horizon permit by the State (our office) is issued (in which everything is ready to go except the changes to the bond that you are working on), there will be a condition on the permit that no mining in the remainder of the federal lease can be conducted until the mining plan is approved by the Secretary of the Interior. This process may take 6 to 8 weeks...

fyi. Pam
