Kit,

I have uploaded all of the information for Horizon from the pipeline into the permanent database. A report is attached.

It looks like you have included all required samples for the first quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Dana, the monitoring data for the 1st Quarter 2006 for the Horizon Mine has been entered in the system. As you can see, all sites were inaccessible due to snow cover.  
Thanks, Kit
