Subject: Horizon Mine 0070020 Legal Financial
Place: OGMCOAL

If there is any amendment expected with regard to the Bronco well, please request an update to the legal financial portion of the plan. The MRP and Applicant Violator System information (ownership and control) must be updated for Hidden Splendor Resources, Inc.

Legal Financial information in the MRP is dated 2005. The 2006 annual report indicated that ownership and control changes were made during that year and that the changes were on file with the Division, but I could not find any such documents in the 2006 Incoming directory.

We need the following:

MRP Section 112.200

Current address for the applicant and operator (a local address was used in the 2006 public notice document 0023.pdf).

Current name, address, telephone for person who will pay the abandoned mined land fee (current listing is Mrs Walker, who is deceased).

Secretary signature for Kit Pappas as authorized officer.

MRP Section 112.300

Current officers, start and end dates and percent ownership of officers/directors in corporation (accompanied by notarized Secretary signature).

MRP Section 112.400

Parent entity must be updated to include Mid-American and an organizational tree must be provided.

MRP Section 112.800

Interest in contiguous lands. i.e. Bronco Well and surrounding lease area.

MRP Section 113

Violation information for Hidden Splendor and associated companies (under Mid-American control)

MRP Section 114

Right of entry to Bronco Well
