Subject: HORIZON MINE - A-EAST & A-WEST SEAL INSTALLATION
To: Karl Houskeeper <KARLHOUSKEEPER@utah.gov>, vhughes@blm.gov

Gentlemen, the Horizon Mine intends to install seals in the A-West and A-***
*

East areas of the mine. This sealing program is required by MSHA to minimize the amount of pillared area we have open. If either of you would like to inspect the areas inby the proposed seal locations, please let me know so we can make the necessary arrangements. The tentative construction date of these seals is possibly as early as the first week in June. A drawing is attached, showing the areas where the seals will be constructed.*
