Good afternoon Alex,

Our feeling is that a sit down meeting would be in everyone's interests at this point. If at all possible, we would still like to meet with you on Thursday at 2:00 PM at our office. Unless we hear differently from you, we'll go ahead and plan on it.

Regards,
Steve

I understand Daron is out of the office for the first part of the week. I sent him the email below and thought I had better forward it to you. I am suggesting we delay our meeting for a couple of weeks. Let me your thoughts on that.

Daron:

Thanks for taking the time to talk yesterday. I forgot to follow up with you on the issue of the water well bond on the Columbia property. I have followed up with the owner of that mine and he can confirm that he can use the well as part of a surface lease, I believe a cattle grazing lease. I will press him for copies of the relevant documents if that will help move things along.

Also, I still am gathering information from third parties on reclamation specifics such as costs and timing and I may not be as ready for our meeting as I would like to be. We may want to postpone the meeting for a couple of weeks if that is possible. I am happy to meeting next week if you want, but I am not sure I will be able to discuss very many specifics. Let me know your thoughts. Again, I am happy to meet, but I don't want to waste anyone's time.
