Amanda:

I am writing in connection with NOV number 17151 issued on or about April 15, 2015. At present, NOV 17151 requires abatement within 14 days of notice. Steps have been taken to address the conditions noted in NOV 17151 and NOV number 17150 which was issued on the same day as NOV 17151. As you know the work required to abate NOV 17150 has been complete and NOV 17150 has been terminated.

Given Hidden Splendor's status, it is taking more time to plan and make arrangements for the abatement of the conditions noted in NOV 17151. The work required in that regard is much more extensive than work required for to abate NOV 17150. Accordingly, I am requesting that the abatement period for NOV 17151 be extended for an additional 14 days.

Please let me know if that is acceptable.

Alex
