Subject: Re: Estimate for planting cone-tainers Fall 2019.

To: Priscilla Burton &lt;priscillaburton@utah.gov&gt;

For the use of a crew of inmates, you are looking at \$1200.

If, you want the plants watered in the water tank is \$150 a day and will need some backpack sprayers \$150

We were thinking we can get the project done in 2 days. Hope this helps have a great day and please keep in touch with any other projects you might have in the future.

Hi Cody,

UCI is growing about 1000 containerized plants for us right now. Please include delivery of those plants in your estimate.

Early next fall (sometime around mid-Sept to mid-October) , we'd like to have them planted and watered in, similar to the Knight Mine project.

Thanks!
