Memo to Coal File:

RE: Blazon #1 Mine  
Blazon Mining Company  
Carbon County, Utah  
ACT/007/021

Mr. Joseph Harvey of Blazon Mining Company visited the Division office on November 7, 1979, in response to a letter from Mr. Thomas Suchoski of the Division in regard to culvert sizing.

Mr. Harvey expressed concern over the size of the culverts required on the Muddy and Long Canyon creeks. The Division staff agreed to reconsider the sizing and visit the sites for a second determination.

Mr. Harvey's reasons for concern were that to size a temporary culvert for the 100 year storm seemed severe, also that to do so, in both cases, would require additional material to cover these culverts and that material was not available.
