RE: Blazon Mining Company
ACT/007/021

Dear Mr. Day:

The Division of Oil, Gas and Mining hereby requests a consultation from your agency concerning the nature and level of detail of fish and wildlife resources information to be provided by Blazon Mining Company for its permanent permit application pursuant to UMC 783.20 of the Utah Coal Mining Regulations.

The applicant will soon be receiving approval to operate the Blazon #1 Mine under the Interim Regulatory Program. The mine is an underground mine located in Carbon County in Section 4, Township 14 South, Range 7 East, SLBM, near the town of Clear Creek. Coal mining occurred in the lower seam (12-14 feet thick) at this site between 1907 and 1917. This mine will extract coal from the upper 5' thick seam for a period of 10 to 11 years. Ownership of the coal is fee and county. Ownership of the surface is fee.

The Division is looking for a 30 day turn-around time for replies. Thank you for your cooperation.

Sincerely,

Samara Edge
