Dear Mr. Whitehead:

This is with regard to your letter dated June 15, 1983, wherein a notice of violation; failure to conform to surface drainage regulations, was indicated. The time for abatement was "no later than July 8, 1983". A request is hereby made to extend the time for abatement to July 29, 1983. The reason for this request and the date indicated is to coordinate with another violation. Both will require an independent contractor with the necessary heavy equipment needed to perform the work. The extension will allow us to schedule both sites with the same contractor thus a significant cost savings to our firm. The company we will retain to perform this work cannot meet the July 8th deadline.

We recognize the serious nature of the problem but feel a two to three week extension is reasonable under the circumstances.

Your cooperation is appreciated.

Best regards,
