RE: Time Extension for Apparent
Completeness Review Response
Blazon #1 Mine
ACT/007/021
Folder Nos 2 and 6
Carbon County, Utah

Dear Mr. Smith:

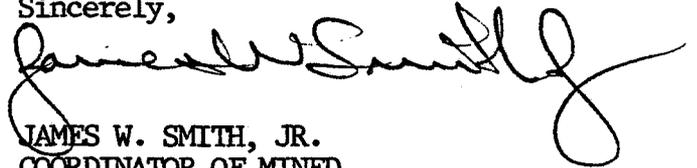

As I have previously discussed with you and Alan Czarnowsky of ACZ, Inc., the Division of Oil, Gas and Mining will grant North American Equities, N.V., a seven (7) week extension of time to respond to the Division's Apparent Completeness Review of the Blazon #1 Mine permanent program permit application. The new deadline for submitting the required information is no later than October 7, 1983.

Failure to fully and adequately respond to the Division's request for additional information by the above deadline will result in suspension of the Blazon #1 Mine interim permit and cessation of all mining activity until such time as a permanent program permit is issued. Also, a revised priority and schedule for further review of North American Equities' permit application will be established at such time as the required information is received by the Division.

The Division staff will be more than willing to meet with you or ACZ, Inc., personnel, either in person or via telephone, to discuss your draft responses and facilitate a complete, accurate and timely submittal. Again, I must emphasize the importance of meeting the above deadline in order to reach our overall objective of a final permit by February 1984. If you have any questions, please don't hesitate to call.

Sincerely,

JAMES W. SMITH, JR.
