Dear Ms. Linnear:

Confirming our recent phone conversation regarding the North American Equities NV - Blazon Mine permit application; It is my understanding that the technical assessment (TA) of the permit application is currently on hold due to the existing heavy work load of the Division and the priority classification given applications for operating properties.

As I mentioned, we are anxious to complete any remaining work necessary to obtain the permit for the Blazon Mine and would be happy to provide any assistance in terms of explanation or clarification which may expedite the process.

Feel free to call on me at any time.

Sincerely,

ACZ INC.
