Inspection Memo  
to Coal File:

RE: Blazon Mine  
North American Equities  
INA/007/021, Folder #7  
Carbon County, Utah

The above mentioned inactive operation was inspected on November 17, 1983 in follow up to several concerns noted during a November 3, 1983 inspection and reported to North American Equities. Due to a mix up in communication, absolutely no work had been done to abate the problems noted. At the request of Laura O'Kelly, North American Equities, Mr. Dee Hunsaker, their contractor in Clear Creek, was contacted directly to discuss the required work. A follow up inspection will be conducted in 2 weeks.
