Dear Mr. Harden:

We have contracted with Rich White of EarthFax Engineering to complete the engineering work on the Little Snyder Canyon. He is aware of the June 29th deadline as stipulated in a letter from your division which we received on June 14. Rich is attempting to finalize his work by the 29th but doubts he will be done by then.

We would like to have an extension on this deadline, since we are moving forward as fast as possible on this Little Snyder problem. Please give this some consideration, and I will await a response from you.

Sincerely,
