DIVISION OF
OIL, GAS & MINING

Re: Reclamation Status, Blazon #1 Mine, INA/007/021,
Carbon County, Utah

Dear Susan:

This letter confirms our short telephone conversation of yesterday afternoon wherein we discussed the status of the reclamation work at the Blazon mine and proposed a conference between North American Equities' representatives and the Division of Oil, Gas & Mining to review the Division's comment letter of June 7, 1989. We tentatively scheduled the meeting for the morning of Wednesday, June 21, 1989. I have confirmed that date with representatives of Earthfax Engineering. Please let me and Rich White or Carol Bjork at Earthfax know what time you would like to meet on June 21. We would like to meet with all Division personnel working on the project, including Lowell Braxton.

We agreed that prior to that meeting Earthfax could proceed with preparing its proposal to remedy any remaining matters affecting Mud Creek and could deal directly with the respective Division personnel to discuss that proposal. Hopefully, Earthfax and the Division will be able to reach a consensus on such matters prior to our June 21 meeting. It remains NAE's goal to complete all on-site reclamation prior to the end of June and to immediately thereafter institute publication for partial release of the reclamation bond. We remain encouraged that we can meet that schedule.

Very truly yours,
Wm B. Prince/jaw
