Subject: Weed Control Plan for the Blazon No. 1 Mine

Dear Ms. Linner:

On June 13, 1989 we received a copy of your June 9, 1989 letter addressed to Mr. Bill Prince regarding the conditional approval of the weed control plan which was submitted to your office on June 6, 1989. We were unable to meet the requested June 12, 1989 deadline since we did not receive a copy of your request until after this due date.

We request that all revisions to the project documents be accomplished at the same time. We recommend that all modifications, including the weed control plan, be discussed during the meeting scheduled for June 21, 1989 and that a deadline for the inclusion of the revisions into the project documents be defined at that time.

If you have any questions, please contact us.

Sincerely,

Carol A. Bjork
