Re: Blazon No. 1 Mine
NPDES Permit No.: UT-0023647

Dear Mr. Smith:

This is to inform you that, based on the information submitted to this office in your letter of May 29, 1985, we are hereby revoking your National Pollutant Discharge Elimination System (NPDES) permit, UT-0023647, for Blazon No. 1 Mine and transferring it to our inactive file.

In the future, if you should plan to have any discharges into waters of the United States, it will be necessary for you to submit an application for a permit to our office at least 180 days before the date the discharge is to begin. The necessary application forms and instructions are available at this office.

If you have any questions concerning the above matter, please write to this office at the above address or call Robert J. Burm, Chief, Permits Section, at 293-1589.

Sincerely yours,

Patrick J. Godsil
Chief, Compliance Branch
Water Management Division
