Dear Mr. Hagen:

Re: Blazon #1 Mine Reclamation Plan, ACT/007/021, Folder #2, Carbon County, Utah

Enclosed is one (1) copy of the approved Reclamation Plan for the Blazon #1 Mine. Included are original proposals for the reclamation plan (3 volumes, 1986), subsequent design changes (5 spiral bound notebooks and 1 binder) and the Reclamation As-Built Report (1989).

The justification for the five-year bond release period is provided in the 1986 plan (Exhibit 16). Also enclosed are copies of the map from that reference and a 1975 USGS map which corroborates that the rainfall is close to 30 inches (reference attached).

Please feel free to contact me or Randy Harden if you have further questions.

Sincerely,

Susan C. Linner
