Midvale, Utah 84047

Dear Ms. Bjork:

I have reviewed the revised design for culvert C at the Blazon Mine, submitted in your letter of July 10, 1989. Based on the information provided by Larry Dalton, I feel the addition of the two fish baffles to the original baffle design will adequately facilitate fish passage through the culvert. Therefore, it is the Division's position that the proposed design will meet regulatory requirements.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Michael M. DeWeese".

Michael M. DeWeese
Reclamation Hydrologist
