3 Triad Center, Suite 350
Salt Lake City, Utah 84180

Dear Lynn:

I have been in contact with Mr. Patrick Collins of Mt. Nebo Scientific regarding the vegetation monitoring program at the Blazon Mine. Mr. Collins indicated that he is scheduled to complete the weed control portion of the monitoring program prior to August 15, 1990. If he is not able to monitor the shrub survival and cover density concurrently with the weed control plan, Mr. Collins indicated that the entire monitoring program would be completed prior to August 31, 1990.

If you have any questions or need additional information, please contact me.

Sincerely,

Carol A. Bjork
Carol A. Bjork, P.E.
