Dear Lynn:

Enclosed are three copies of the revised Plate 10 for the Blazon Mine Reclamation As-Built Report. I revised the post-mining land use boundary as you suggested and recalculated the corresponding land use areas. In addition, I have enclosed three labels for you to attach to the bottom of the legend on your copies of Plate 11.

If you have any questions or need additional information, please contact me.

Sincerely,

Carol A. Bjork, P.E.
Civil Engineer
